Bill Summary

A bill to amend Chapter 3, Title 56, Code of Laws of South Carolina, 1976, relating to motor vehicle registration and licensing by adding Article 79 so as to provide for the issuance of "Public Educator" special license plates.

REVENUE IMPACT ^{1/}

This bill is expected to raise DMV earmarked funds by \$2,000 in FY 2008-09. Conversely, it would reduce funds earmarked to the SHF by \$1,800 and to the SIB by \$200 in FY 2008-09. It would have no impact on state General Fund revenue.

Explanation

This bill authorizes the Department of Motor Vehicles (DMV) to issue 'South Carolina Educator' special license plates in this State. Eligibility is restricted to teachers of kindergarten through twelfth grade in public and private schools. Standard, biennial registration fees apply as follows: \$20 - \$24 for an auto, based on age, and \$30 for a light truck.

Under Section 56-3-8100, prerequisites for production by DMV are a minimum of 400 prepaid applications, or a deposit of \$4,000. We estimate first-year sales of 400 tags with a distribution of 360 autos and 40 light-duty trucks. Although current language does not add a "special" fee, as in current practice we expect DMV to recoup its cost. Accordingly, multiplying 400 plates by an estimated cost differential (new vs. renewal) of +\$5 per plate would raise DMV earmarked funds by a total of \$2,000 in FY 2008-09. Respective revenue allocations to the State Highway Fund (SHF) within the Department of Transportation (DOT) for autos, and to the S. C. Transportation Infrastructure Bank (SIB) for light trucks, are net of DMV's costs as applicable. Each proration would, conversely, be reduced by \$5 per plate in FY 2008-09. Thus, funds earmarked to the SHF within DOT would be reduced by a total of \$1,800 (@ \$5 times 360 autos), and to the SIB by a total of \$200 (@ \$5 times 40 trucks) in FY 2008-09. Since the General Fund receives no revenue from standard, biennial registration fees, the bill would have no impact on state General Fund revenue.
